Installation Instructions

1. Create or Log in to your 1SaaS account - https://1saas.co/
2. When you're logged in to your account, you can get your API Key and save it to your clipboard
3. Install our app from the monday.com apps-marketplace
4. Start the app and insert your 1SaaS.co API-key
5. Now you are set to use our app as an integration on your boards.

If you want to install another 1SaaS.co app, then just install the new app and enjoy. You don't have to get your API key a second or third time.
You're welcome :)

First-time use instructions

Now you got the app installed, we are going to show you how to use any of our apps on a board.

1. Go to the integration menu on the top right.
2. If you installed our app correct, it is visible to you in the integrations Center.
3. Click on the app and then you see different recipes we already made for you.
4. Choose the one suiting your needs, fill all missing information and click on "Add to Board".
5. That's all! Now you can use our app in you daily business.
6. If you want a little more spice or maybe don't like our premade recipes, then go to custom automations. There you can find our functions under "More options". It lets you use 1SaaS.co the way you want.
